

Memorandum of Collaboration

Sides:

1. The University of Georgia (further mentioned as "University") – represented by Dr. Manana Sanadze
2. Tbilisi State Art Academy (further mentioned as "Academy") – represented by Dr. Gia Bughadze.

Considering that Tbilisi Art Academy can offer art and design study programs to University of Georgia, and University of Georgia can offer – marketing, management and other business management study programs, which are so necessary in today's market economy conditions in the field of art for workers to succeed., and considering the resources of the two sides can be used as mutually beneficially and their efforts can create synergistic effect.

It is considered by the Georgian unity that each initiative is supposed to be productive if it is accomplished on the bases of tight collaboration of the organizations, sides are agreed to collaborate in there possibility and competence help each other with there student knowledge and provide natural ability.

These sides are signing the Memorandum of Collaboration for further development and for expend which first of all means:

- To prepare by University lecturers proper class courses and to prepare trainings in marketing, management and in other field directions for Academy students.
- To provide by Academy lecturers art and design study courses for the University students.

To realize these goals, sides establish next:

University and Academy together:

Have to work out study programs together, were will be taking into account both sides requests and needs

Side's collaboration will realize in 2 year work program, which will be divided in 1 year constituent part, at the end of each year side's will look at the collaboration and will define the next year common plan.

Program is proving by both sides.

Both sides are sure, that this memorandum will assist abovementioned needs satisfaction.
